FEVER TREE TONIC WATER SELECTION

Premium Indian Tonic Water

Premium Indian Tonic water uses a handful of different botanicals, including distinctive quinine and oils from Mexican Bitter Oranges, to give a uniquely clean and refreshing taste and aroma.

Mediterranean Tonic Water

Mediterranean Tonic uses less quinine, with the addition of rosemary and lemon thyme, produces a much lighter, more fragrant tonic.

Elderflower Tonic Water

The delicate and sweet flavor of elderflower is perfectly balanced by the soft bitterness of the quinine, which pairs perfectly with fresh and floral gins and premium vodkas.

Light Cucumber Tonic Water

Cucumber Tonic brings the total refreshment of cucumber with the complex sweet and bitter flavours of Fever Tree's refreshingly light tonic water. The result is a wonderfully balanced and crisp mixer, perfect for balmy summer days.

Citrus Tonic Water

By using a variety of citrus fruits, Fever Tree has created a complex yet delicious tonic water that combines sweetness with a fresh zestiness. Mexican key limes from the Colima and Michoacán region lend a delicate piney edge that balances the rich, fruity flavour of the tangerines we source from the coastal groves of Veracruz.

Aromatic Tonic Water

Ginger and cardamom give Fever Tree's Aromatic Tonic Water a gentle spice and Madagascan vanilla adds a delicate sweetness. The result is a uniquely refreshing aromatic flavour that has a dry and clean finish, with beautiful citrus notes.
